Gov. Dugaard Announces \$795,000 for Cavour Wastewater Project

PIERRE, S.D. – Gov. Dennis Dugaard says the state Board of Water and Natural Resources has approved a \$795,000 financial package to Cavour for wastewater system improvements.

The funding package includes a \$645,000 water quality grant and \$150,000 Clean Water State Revolving Fund Program loan. Loan terms are 3.25 percent for 30 years.

The funds will be administered through the Department of Environment and Natural Resources.

“I am pleased to announce that Cavour will receive this assistance,” said Gov. Dugaard. “This funding will help the town make necessary improvements to its wastewater collection system.”

The project will replace a lift station and force main leading to the wastewater treatment pond.

The estimated cost of the project is \$845,000.

The State of South Dakota and the U.S. Environmental Protection Agency fund the Clean Water State Revolving Fund Program, which provides grants and low-interest loans for wastewater, storm water and nonpoint source projects.

The board met Thursday in Pierre.
